4. **ACTUAL EXPENSE WORKSHEET (AEW)** The AEW is a financial breakdown of your actual expenses to date and assists GOCO staff in locating corresponding financial documentation within your report. The actual expense worksheet should include all expenses for the full length of the project.

The Actual Expense Worksheet must:

- Be presented in the template provided by GOCO. It is available at www.goco.org
- Track invoices in the order presented in the report
- Account for every GOCO-eligible cost (including cash and in-kind match) associated with the project even though invoices for expenditures less than \$5,000 will not be submitted
- Be signed by a representative of the fiscal agent's finance department

Description of Actual Expense Worksheet Columns:

- **Invoice Date:** Include the invoice date or date range of when the expense or donated service was incurred
- **Invoice Code:** Only required for expenses over \$5,000.00. Include a label that corresponds to the labeled invoices/receipts and in-kind statements provided in the report. Organize all required backup support in the same order as presented on the worksheet.
- **Vendor or Service Category:** Include the provider name as it appears on the invoice/receipt or brief description of the expense or in-kind service
- **GOCO Cash:** Indicate the amount of that invoice/receipt that will be paid for by your GOCO grant. This column should never exceed the grant amount

5. **DOCUMENTATION OF EXPENSES** GOCO will examine these documents to ensure they are consistent with the approved Project Budget. Please be aware that GOCO may need to follow-up with you to get additional explanation of expenses or may require submission of additional documentation.

Enclose copies of invoices or other form of backup support for all cash expenditures and in-kind contributions valued over \$5,000.00. Do not submit documentation for expenses less than \$5,000. It is necessary that all backup support is labeled to correspond with the "Invoice Code" category on the AEW. Please include project-related expenses only. You must identify project expenses from non-project expenses when an invoice incorporates both. Copies of checks does not constitute invoice documentation.
